Cycle for Sight Virtual 2020 Host

Ramya Amuthan is the Cohost and Producer at Accessible Media Inc's daily Entertainment and Lifestyle audio show, Kelly and Company. Her work involves meeting fascinating people, hearing their stories, and facilitating conversations that bring out the messages people want to tell. She is also the Co-creator of Adventures, a chapter of the Canadian Council of the Blind in Toronto, offering physical activities and opportunities for blind and low vision individuals to take part in, and dare to try.

For Ramya, there's always time for self-care and hobbies, including singing – for herself and sometimes others, movement and meditation, and brushing up on her culinary skills.
