

SIGHT SAVER FUNDRAISING IDEAS

Get creative and make a difference!

1

HAVE A BAKE SALE

Put your baking skills to good use, get out in your community or office and collect donations for every treat sold. Not much of a baker? Try a Pizza Party instead and collect donations for every slice!

2

HOLD A WALK OR RUN

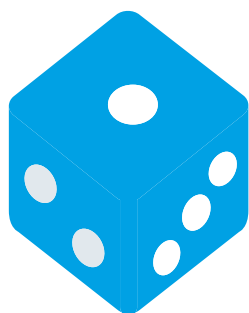

Ask people to make a donation to your Sight Saver campaign and then invite them to walk or run with you on a specific day. You can make t-shirts and have a party at the finish line too!

3

HOST A BBQ PARTY

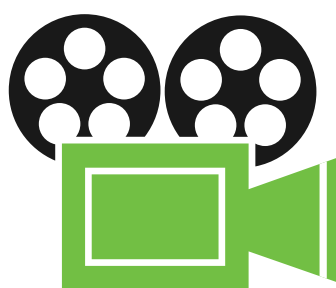

Fire up the grill, invite a bunch of your friends over and ask them to make a donation to support sight-saving research. Then donate all your proceeds to your Sight Saver campaign.

4

START A GAME NIGHT

Use a platform like Zoom to start a virtual game night with friends and family. Ask for donations for your Sight Saver campaign and give a small prize to the winner.

5

SHARE A MOVIE

Download [Netflix Party](#) in Chrome, or Share your Screen in ZOOM - ask friends and family for donations to your Sight Saver campaign, then share the link with everyone who donates. All that's left to do is pop some popcorn, sit back and enjoy a movie together!

6

BIRTHDAY DONATIONS

To mark your birthday, anniversary, wedding or another special occasion, ask family and friends to make a donation to your Sight Saver campaign in lieu of gifts.
